

Amendments to the Claims

1. (currently amended) A toy kitchen comprising:
a main unit ~~having a front surface~~ ornamented to look like a kitchen, the main unit having a front wall, opposite side walls, and a countertop extending lengthwise between the side walls; and
a repositionable island ornamented to look like a kitchen island, the repositionable island being ~~removably coupled~~ attachable to the front ~~surface wall~~ of the main unit ~~, wherein with the repositionable island is perpendicular to~~ extending away from the front surface wall of the main unit thereby ~~forming to form~~ forming at least two separate play areas at respective sides of the repositionable island.
2. (currently amended) The toy kitchen of claim 1, wherein ~~the main unit includes a first side wall and a second side wall,~~ the repositionable island ~~being is~~ is removably attachable to the main unit at at least one of the ~~first and second~~ side walls when removed from the front ~~surface wall~~ of the main unit.
3. (currently amended) The toy kitchen of claim 1, wherein the main unit and the repositionable island each further comprise at least one toy accessory selected from the group consisting of a sink, a stove top, an oven, a cutting surface, a microwave oven, a dishwasher, a refrigerator, a freezer, a coffee maker, an ice dispenser, a toaster, a countertop, a clock, a set of shelves and a cabinet.
4. (cancelled)
5. (cancelled)
6. (currently amended) The toy kitchen of claim 1, wherein the repositionable island, when removed from the front ~~surface wall~~ of the main unit, is removably ~~connectable~~ attachable to either one of ~~a left side and a right side~~ the sides of the main unit to form a continuous play area extending substantially along a single plane.

7. (cancelled)
8. (cancelled)
9. (currently amended) A toy kitchen comprising:
a main unit having a front surface; and
a repositionable island removably ~~coupled~~ attachable to the front surface of the main unit, ~~wherein~~ with the repositionable island is being perpendicular to the front surface of the main unit thereby forming at least two separate play areas;
wherein the main unit includes a front side and a rear side, and wherein an opening is defined within the main unit extending from the front side to the rear side, and wherein the main unit further comprises at least one of a window sill and a pair of shutters positioned at the opening.
10. (withdrawn) An island for a toy kitchen comprising:
a frame;
a coupling mechanism attached to the frame, the coupling mechanism configured to removably couple the island to the toy kitchen in at least one position.
11. (withdrawn/currently amended) The island of claim 44 ~~10~~, further comprising at least one toy accessory selected from the group consisting of a sink, a stove top, an oven, a cutting surface, a microwave oven, a dishwasher, a refrigerator, a freezer, an ice dispenser, a toaster, a coffee maker, a cabinet and a set of shelves.
12. (currently amended) A ~~repositionable~~ reconfigurable toy kitchen comprising:
a first unit extending along a first substantially vertical longitudinal plane between opposite ends thereof; and
at least one removable and repositionable second unit extending along a second substantially vertical longitudinal plane, the second unit being removably attachable and positionable perpendicular to the first unit in a first position located between the opposite ends of the first unit with the second longitudinal plane perpendicular to the

first longitudinal plane, ~~wherein the repositionable second unit is removably connected to a front surface of the first unit to form at least two separate play areas, and the~~
second unit being removably attachable to the first unit in a second position [;] in which the first and second longitudinal planes are substantially coplanar.

13. (currently amended) The ~~repositionable~~ reconfigurable toy kitchen of claim 12, wherein the first position defines first and second play areas, the first and second play areas each partially bounded by one side of the first unit and one side of the second unit, and wherein the second position defines a continuous play area extending along one side of the first and second units.

14. (currently amended) The ~~repositionable~~ reconfigurable toy kitchen of claim 12, wherein the first unit is a main kitchen unit and wherein the second unit is an island.

15. (cancelled)

16. (currently amended) The ~~repositionable~~ reconfigurable toy kitchen of claim 12, wherein the first and second units each further comprise at least one toy accessory selected from the group consisting of a sink, a stove top, an oven, a cutting surface, a microwave oven, a dishwasher, a refrigerator, a freezer, a coffee maker, an ice dispenser, a toaster, a clock, a set of shelves and a cabinet.

17. (currently amended) The ~~repositionable~~ reconfigurable toy kitchen of claim 12, wherein the first unit is removably positioned to the second unit in at least the first and second positions.

18-21. (cancelled)

22. (new) The toy kitchen of claim 1, wherein the repositionable island is attachable to the front wall of the main unit at a location spaced inwardly from the side

walls whereby each of the play areas is bounded by the front wall of the main unit and a respective end portion of the main unit.

23. (new) The toy kitchen of claim 22, wherein the repositionable island has a countertop, and the countertop extends perpendicular to the countertop of the main unit when the repositionable island is attached to the front wall of the main unit and forms a continuation of the countertop of the main unit when the repositionable island is attached to a side wall of the main unit.

24. (new) The toy kitchen of claim 23, wherein the repositionable island is removably attached to the main unit at one of the front and side walls.

25. (new) The toy kitchen of claim 1, wherein the repositionable island is removably attached to the front wall of the main unit.

26. (new) The toy kitchen of claim 2, wherein the repositionable island is removably attached to the main unit at one of the front and side walls.

27. (new) The toy kitchen of claim 2, further comprising a second repositionable island removably attachable to the main unit at one of the front and side walls.

28. (new) The toy kitchen of claim 9, wherein the repositionable island is removably attached to the front surface of the main unit.
